

Let's talk plain language. With us you will not find a "JOB" or a "position", but tasks, challenges and areas of achievement. We give you the chance to develop and that you can move something as a motor. Since we are expanding strongly since the beginning of 2021, we are looking for YOU as:

Service technician 60-100%

We, IHI Bernex AG, are an established, internationally active company, based in Olten (SO), in the high-tech sector. We are supported by around 50 employees from over ten nationalities. As a machine and plant engineering specialist, we set standards for CVD coatings. With outstanding teams, we serve customers worldwide who are looking for the best solutions for chemical vapor deposition, aluminumization or infiltration (CVD, CVA and CVI).

THIS IS YOUR AREA OF RESPONSIBILITY

- Installation, training and commissioning of new equipment and equipment specific upgrades on equipment sold by IHI Bernex AG
- Carrying out tests, maintenance, repair and servicing work on customer plants in Switzerland and abroad (internationally)
- Preparation of the internal acceptance of the plants with the customers
- Carrying out the internal and external acceptance tests in the presence of the customers
- Preparation of documents, reports and defect lists in the course of commissioning FAT/SAT, (Factory Acceptance Test, Site Acceptance Test) in Olten and at the customer's site
- Training of customer employees in the operation and maintenance of the plants
- Support of the development work in the development of new plant components and in coating trials
- Handling support requests and advising customers (spare parts business, maintenance/servicing, upgrades)
- Supporting the plant engineering department in setting up, dismantling and packing the plants

WHAT YOU BRING WITH YOU

- Completed training as an electrician, mechanic, automation engineer
- Good experience in plant construction, service and/or assembly (mechanical and electrical)
- Knowledge of vacuum and/or coating technology is preferred
- Willingness to travel between 50 – max. 80%
- Analytical, exact and independent way of working
- Good knowledge of MS-Office programs
- Resilient, persistent, team-oriented and flexible personality with good decision-making skills
- Very good knowledge of German and English

WHAT YOU GET FROM US

- Ingeniously central: Your workplace is in Olten, near the SBB train station, free parking is available.
- Actions instead of words: flat hierarchies and short decision-making processes
- Full support: appreciative company culture and strong team spirit
- New ways: space and openness for your ideas
- 1a future: personal and professional training
- Goal in sight: regular career discussions and concrete implementation planning
- Flexibility: drawing of additional hours directly after the assignment abroad
- Benefit: travel allowance per month, travel allowance, discounts on cell phone subscriptions, etc.

If you want to perform and achieve extraordinary things, then apply with us now.
